PROFILE

Innovative Full Stack Developer with a proven track record of building scalable AI-driven applications and high-performance SaaS platforms. Expert in the MERN stack, Python, and Next.js, I specialize in transforming complex business requirements into seamless digital products. From leading technical exhibitions at UoT to engineering robust backend architectures at Elite Software Forge, I focus on delivering clean, production-ready code that drives real-world impact.

WORK EXPERIENCE

Full Stack Developer | Elite Software Forge
March 2026 – Present

- Leading the development of scalable web applications using modern stacks (MERN & Next.js).
- Collaborating with cross-functional teams to design and implement robust backend APIs and intuitive frontend interfaces.
- Optimizing application performance and integrating AI-driven features into client solutions.

Full Stack Web Development (Trainee) | Global Tech Academy
Nov 2025 – Feb 2026

- Completed an intensive training program focused on end-to-end web development.
- Built real-world projects using React.js, Node.js, and MongoDB, mastering both frontend and backend architecture.
- Developed strong skills in database management and secure authentication systems.

Back End Development Intern | DevelopersHub Corporation
April 2025 – June 2025

- Awarded "Best Performance Award" for outstanding contribution during a 10-week internship.
- Specialized in backend development, API design, and database optimization.
- Contributed to production-level applications with a focus on performance and system stability.

Lead Organizer / Technical Lead | SCIE-TECH, University of Technology Nowshera
2024 – 2025

- Led the organization of major technical exhibitions (SCIE-TECH 2024 & 2025) in collaboration with District Administration Nowshera.
- Managed robotics and software project showcases, demonstrating leadership and technical coordination.
- Recognized for significant contributions to the university's tech ecosystem.

EDUCATION

2021-2023
FDC RISALPUR

- Science
- 1016/1100
- 92%
